Subject: RE: Motion on enforcing basic bylaws and laws for tomorrow

BLRS is comfortable with this Motion, essentially stating that we have the authority to enforce and wants us to provide updates on any charges issued. We will provide the EIO through the EOC structure with daily updates on enforcement data to be included in the council updates.

Thanks,

Roger

Subject: Motion on enforcing basic bylaws and laws for tomorrow

Hi folks,

For tomorrow we are hoping you can help us draft a motion that would do the following:

- Reiterate the basic bylaws and laws that should be enforced in the core related to vehicle parking during this convoy occupation
- Indicate that these basic bylaws and laws should be enforced with the goal of directing federal protests (people) towards the hill while reducing the vehicles
- That towing of vehicles will be part of this strategy of non-compliance in non-parking zones inside and outside of the red-zone beginning this week.

Is this possible? Can you assist?

Thank you,

Shawn
